SUKANT RAVICHANDRAN

Namakkal, Tamil Nadu 638182 | +91 73734 91535 | sukantonmail@gmail.com

SUMMARY

Motivated and detail-oriented software developer with strong experience in web application development and a growing focus on cloud deployment and security concepts. Skilled in building scalable, secure, and user-friendly applications using modern frameworks and databases. Always eager to learn and grow through practical experience in end-to-end product development, from design to deployment and maintenance.

ACADEMIC PROFILE

M.Kumarasamy College of Engineering — Expected: August 2027
Bachelor of Technology Artificial Intelligence and Data Science
CGPA: 8.1/10

TNPL Matriculation Higher Secondary School — March 2023
Higher Secondary Education
Secured: 87.6%

SKILLS

- Java and Python (intermediate)
- React.js
- MongoDB
- Express.js
- Node.js
- Tailwind CSS
- SQL
- Version control
- Critical thinking
- Time management
- Teamwork
- Communication

PROJECTS

- **Unveiling Financial Insights – Python Project**
  Developed a Python application for advanced financial data analysis, including data cleaning and exploratory analysis.
- **School Exam Management System - MERN Stack**
  Built a web application to manage exam schedules, student records, and result processing with an integrated admin dashboard.
- **BlurD – RAG-based secure document redaction system**
  Created an AI-powered document redaction system using OCR, machine learning, and RAG to accurately detect and irreversibly mask sensitive personal information.
- **Server WatchDog - real-time log anomaly detection platform**
  Designed a PySpark-based platform to identify anomalies in large-scale server logs using machine learning, graph analysis, and real-time visualization to detect abnormal behavior, suspicious IP activity, and service-level issues.

CERTIFICATIONS

- Associate Node.js Developer, MongoDB.
- CRUD Operations in MongoDB Education.
- SQL basics, HackerRank.
- Oracle Cloud Database Services 2025 Professional.
- Introduction to Industry 4.0 and the Industrial Internet of Things, NPTEL.
- The Joy of Computing Using Python, NPTEL.
